## Bringing the women behind, front & centre

More than 25,000 units are packed every day by these warehouse powerhouses.

We celebrate the women who help you get your favourite products, safe and sound, by sharing their story in each box they pack.

## Celebrating the “gifted” BSC women

Some of our inhouse BSC women are talent powerhouses themselves. We often bring their art to life in our custom sleeves for our campaigns. Here's an artwork by Disha our formulator, who creates art in labs by day and on canvases by night!

Let's start a  
new chapter  
of celebrating our  
**#SmoothSistas,**  
together.
