VISION JARS

There is no jar like a Borosil jar. Our VacuSeal jars ensure that not even the slightest moisture enters, so you never have to bite into another stale wafer or biscuit again. Freezer and flame proof.

Vision jars are perfect for freezing chutneys and purees – just hold them on a flame for quick thawing, and their bright stackable lids brighten up your day! And of course, you can use them like any other jar to store all your pulses and grains- the glass ensures your food stays healthy, fresh and safe.
