## **ABOUT US**

Pavaki was incorporated in the year 2017 with the sole purpose of introducing traditional copper in a modern and urban way, today's generation seems to have forgotten that copper is not just an ordinary metal but is very healthy in terms of the minerals it imparts to the water which it stores. Hence we have taken a step to introduce stylish copper bottles, jugs, gift sets and many more to suit the trends of the current generation.

At pavaki it is very important for us to ensure that we are able to deliver the best products and experiences to our customers whenever they choose to welcome us at their homes. Which is why, we don't just handcraft our products with a lot of care but also ensure that we are constantly innovating our products to outmatch the market trends.
