

moody™

be you, be moody

# What is moody?

Moody is a new-age skincare brand made to suit all and every mood of your skin. We realize that selfcare is deeply rooted into how one looks and how one feels.

Mental health is equally important to us as is health of skin. With Moody, we aim to give voice to a thriving community where everyone can freely speak of their state of mental and physical health. We don't de-value any concern by calling it less important, every concern, every mind and every skin or colour is beautiful to us and we want to preach the same.

## moody for a cause

Self-care is the key to a happier state of being. Moody is here to do exactly that. Through Moody we aim to create a safe space to talk about everything related to self-care and the importance of mental health.

**When you buy moody, you help fund access to mental health resources for people who need them, to foster a better, happier version of themselves.**

So stay tuned, be moody for a cause & join us in your journey of self-care.
